

SRM10

10,000 lb. capacity

The Automotive Lift Institute (ALI) certifies that the SRM10 described herein complies with the applicable provisions of the American National Standards ANSI/ALI ALCVT 2006 and are Third Party Validated by the ETL Testing Laboratory.

- 1 Provide 10,000 lb. lifting capacity
- 2 Reach pick up points on a wider range of vehicles
- 3 Allow technician to work at an ergonomic working height to increase productivity and minimize fatigue

- 4 Prevent lug nuts and other small parts from being misplaced
- 5 Provides long lasting durable finish

The Perfect Fit

The SRM10 is a great choice for brake and tire servicing needs. A 10,000 lb. lifting capacity picks up vehicles ranging from small passenger cars to light trucks. And its small footprint compared to other lift models makes the SRM10 a perfect fit.

Storage Trays

The SRM10 is equipped with 4 built-in storage trays. These trays are conveniently placed within reach of a technician's working area for lug nuts and other small parts.
